

BEAUMONT & FLETCHER
INTERIOR ATELIER

‘TO LOOK AT A
THING IS VERY
DIFFERENT FROM
SEEING A THING’

Oscar Wilde

Every successful room in a home has a purpose, a purpose that is expressed by its furniture. Beautifully crafted, lasting pieces that offer balance, scale and proportion can bring a space to life, and they play an intrinsic part in making your environment, quite simply, perfect.

This lookbook is designed to take you on a visual journey of our furniture collection: to show the authenticity and refinement of our craftsmanship and the attention to detail of our dedicated team, who uphold the traditional skills involved in making furniture entirely by hand.

The well-articulated details of our pieces, the shapes and lines of the designs we create and our exquisite upholstery are brought to you here, reinforcing Beaumont & Fletcher’s reputation as one of the world’s finest creators of hand-built furniture.

‘A MAN WHO WORKS WITH HIS HANDS IS A LABOURER;
A MAN WHO WORKS WITH HIS HANDS AND HIS BRAIN
IS A CRAFTSMAN; BUT A MAN WHO WORKS WITH HIS
HANDS AND HIS BRAIN AND HIS HEART IS AN ARTIST’

Louis Nizer

Beaumont & Fletcher’s furniture is recognised by the interior design industry across the world as having handmade upholstery of the very finest quality.

Each piece of our handmade furniture has its own story and provenance. Rather than emerging from production lines, every component part is meticulously fashioned by a master craftsman using wholly natural materials.

Each frame is made to order from seasoned beechwood, which is glued, screwed and doweled together for strength, ensuring a lifetime of use. English webbing

is nailed to the frame before steel coil springs are individually tied by hand for lasting tension and comfort. The sprung frame is then upholstered in the old-fashioned way, with cotton, lambswool and horse hair, while pillows and cushions are filled with finest feather and down. We take no shortcuts when it comes to these exacting age-old processes.

Meticulous attention to detail ensures that every piece is of a quality unequalled by any other manufacturer - quality that will last for generations.

By insisting on time-honoured artisan practices Beaumont & Fletcher have created a collection of classic and contemporary designs that celebrate the heritage of fine English furniture. The time, skill and dedication of our team of craftsmen, together with their exacting standards and their commitment to every aspect of our furniture are all evident in every beautiful handmade piece we produce.

'IF YOU LOVE SOMETHING, IT WILL WORK.
THAT'S THE ONLY REAL RULE'

Bunny Williams

Whether we are redeveloping a classic design or perfecting a more contemporary one, Beaumont & Fletcher take an extremely sensitive approach to construction, meticulously creating and building each piece using the traditional skills of artisanal English furniture making.

Beaumont & Fletcher are masters of embroidery and we pride ourselves on our extraordinary and exacting standards. Each individual stitch is beautifully and meticulously hand-worked to an exceptional finish. Our dining chairs can be embellished with embroideries of your choosing, be that monograms, classic delicate curves and scrolls, traditional motifs or more contemporary designs, to create drama and opulence. Each chair back, impeccably finished by hand, adds personality to your furniture, making it entirely unique.

OUR FINISHES

We approach the finishes of our furniture with the same fastidious attention to detail that characterises all of our pieces. How a leg is turned, what wood stain is used, how its castors are placed, which nailing pattern works best – these are the things that make all our furniture truly individual, and our meticulous execution of hand finishes ensures our reputation for excellence endures.

NAILING

Some of our furniture comes with the option of added nailing, a feature that can truly customise your piece. There are seven colours to choose from, all designed to complement any bespoke piping.

WOOD FINISHES

The seasoning of wood is a slow and natural process that shouldn't be disturbed. We honour this by sourcing the finest and most beautiful beechwood. But how that wood is finished is your decision. There are nine finishes to pick from, or we can match a colour to suit your specific requirements, making sure it's just right for you.

CASTORS

We can complete furniture with or without a choice of castors, which come in three colourways. Elegant and refined, castors not only make your furniture easier to manoeuvre, they add a timeless flourish. Beaumont & Fletcher's castors have become a signature look of our furniture.

This brochure is dedicated to our founder John Crowell (1951-2016),
whose enduring passion was to seek out the rare and the
beautiful in design. His limitless commitment and
his boundless imagination continue to inspire us all.
